Using your new Business Charge Card

Getting started

Sign your card straight away. You'll receive your PIN separately. On arrival, memorise it and destroy the letter it comes with.

Speak to your Business Representative if:

- ▶ Your letter's been tampered with or you haven't received your PIN.
- ▶ You have a disability or medical condition that means you can't use a PIN.
- ▶ You haven't received the card's Conditions of Use.

Changing your PIN – You can do this at any Lloyds Bank cash machine by selecting 'PIN services'.

Conditions of Use – These are part of the Terms & Conditions you'll receive from your Business Representative. Make sure you're familiar with your card's Conditions of Use.

Renewing your card – We'll send your Business Representative a renewal card a few weeks before your current one expires. Once you've received your new card, destroy your old one.

Secure disposal of your card – Discard your old, damaged and cancelled cards. Cut through the smartcard chip and throw away the pieces.

Tell us immediately if you lose your card, it gets stolen or if another person knows your PIN. Make sure your Business Representative knows too.

0800 096 9779 (24 hours) or
+44 1702 278 270 (from abroad)

If you find your card after you've reported it lost or stolen, you can't use it. Securely dispose of the card. If requested, confirm in writing within seven days to: Business Credit and Charge Cards, Lloyds Bank, Card Operations, 11 Portland Street, Manchester, Greater Manchester M1 3HU.

Your spending limit – This is the maximum amount you can spend on your card each month. We'll usually decline your card when you exceed this. To increase your limit, or find out about your organisation's transaction restrictions, speak to your Business Representative.

Declined transactions – If a transaction is declined you can find out why by calling Business Card Services on **0345 602 2042** or **+44 207 222 1100** from abroad. If we decline or delay your transaction, we won't be liable for any loss to you as a result.

Your statement – You'll get monthly statements detailing your card spend which will be settled by your business. You'll need to follow your company's policy on sales vouchers and VAT receipts.

Cash Withdrawals

- ▶ You can withdraw up to £500 cash per day from a cash machine provided you don't go over your monthly spending limit.
- ▶ Cash withdrawals are charged at 2.5% of the transaction value (minimum £2.50).
- ▶ You may be charged a fee for using a non-Lloyds Bank Cashpoint®.
- ▶ Card transactions associated with the purchase of foreign currency are charged as a cash withdrawal.

Keeping you safe

To keep your card and card details safe:

- ▶ Use a different PIN and password for each account you have.
- ▶ Always hold on to your card. Never let it out of your sight.
- ▶ Don't share your PIN or password with anyone including business colleagues, bank staff or the police.
- ▶ Check your card statements. Contact us immediately if there are transactions you don't recognise.

Going abroad

Before you travel abroad:

- ✓ Check what fees and charges apply when you use your card.
- ✓ Find out about the Payment Scheme Exchange rate and how to compare it with other exchange rates. This is the rate used by Mastercard® to convert non-Sterling transactions.
- ✓ If you opt to pay in a currency that isn't the local currency, the merchant could apply their own exchange rate. This may not be favourable and might include a mark-up.
- ✓ Know your spending limit and check your card expiry date.
- ✓ Take another type of payment in case of emergency.
- ✓ Make sure your contact details are up-to-date and save our number on your mobile in case you need to contact us.
