

Branch closure feedback – how we responded and supported our customers

Before we decided to permanently close the Southsea branch, we carried out a thorough review to understand how our customers and the community would be impacted. We're now near to the closure of this branch on 2 June 2025.

You can do your everyday banking with our Mobile Banking app and Internet Banking. It's simple and safe to use. Your nearest branch to the Southsea branch is Lloyds Commercial Road Portsmouth branch. You can also use any Lloyds branch to do your banking. Go to lloydsbank.com/branchfinder for more information.

Communicating this change to customers

When we announce that a branch is closing, we take a number of factors into account in line with Financial Conduct Authority guidance. We've summarised these in our Branch Review, which you can find at lloydsbank.com/branchclosures

We wrote to customers who use the Southsea branch, to let them know it would be closing. We explained other ways they can continue to do their banking with us.

We displayed a poster in the branch to let customers know it was closing. Our branch colleagues there spoke to customers about other ways to do their banking. These include using our Mobile Banking app, Internet Banking, calling us, or using the Post Office®. We let customers know the nearest alternative branches, free cash machines and Post Office.

We contacted members of the local community

Who we contacted to understand the impact of the branch closure

- The local MP for Portsmouth South
- Banking Team and Senior Representatives from the Post Office
- Post Office Area Manager responsible for nearest three Post Offices to our closing branch
- National Federation of Sub Postmasters
- The local Citizens Advice Bureau
- The local Chamber of Commerce.

The feedback we received

- A number of customers were disappointed with the decision to close. We explained the alternative local banking services available
- We met Stephen Morgan MP who asked about the rationale for the decision, and said this was the last branch in the southern part of his constituency. We explained the assistance offered to customers ahead of the closure and the alternative ways customers can bank with us. Mr Morgan's caseworker said they would provide details of specific concerns that had been raised by constituents, who are not aware of the services provided by the Post Office.

What we've done to help make the change smoother

- We've called individual customers we know use the branch as their main way of banking with us, including customers that may need extra support, to talk to them about alternative ways to bank and to provide help if they need it.
- We've partnered with the Digital Helpline who offer free one to one guidance over the phone to support customers to use the internet for banking. Customers with an identified need for this service have been provided with contact details enabling them to get free support.
- Our colleagues at Southsea branch have been given the training they need to have in-depth conversations with our customers, especially those who may need extra support, about how we can help them.
